

**American Red Cross**

## **CPR/AED – Adult, Child and Infant**

- PURPOSE:** This course is designed to provide participants with information necessary to recognize the signs of cardiovascular disease, and to provide emergency care to adult, child and infant victims of cardiac arrest, choking and those in need of rescue breathing.
- CLASS TIME:** Approximately one 7 hour session
- CLASS SIZE:** A maximum of 15 participants per class. Multiple classes may be scheduled at the same time.
- CONTENT:** Professional American Red Cross Instructors guide students through skills by utilizing an up-to-date video depicting real life emergencies and step-by-step practice procedures. Students will master the skills of positioning adult, infant and child victims for rescue breathing, giving rescue breathing, cardiopulmonary resuscitation (CPR) for adults, infants and children and handling choking emergencies. The use of manikins allows for safe and realistic practice sessions and an easy-to-read, informative workbook supplements this course.
- PREREQUISITE:** None.
- CERTIFICATION:** Participants who demonstrate all skills correctly and who pass the final written test with a minimum of 80% will receive a CPR/AED – Adult, Child and Infant certificate, valid for one year from the date of course completion.
- CONTRACT:** Training will be completed at the worksite or another agreed upon location.
- The course will be taught at the time designated by the business or organization.
- All equipment necessary to complete the course will be delivered to the contracting organization and retrieved by American Red Cross personnel.
